

T. A. MUIRHEAD & CO.

One Price Cash Store.

A complete line of Dry Goods, Notions, Ladies' and Men's Furnishings, Kitchen Goods, Etc. Etc.

When seen by a News reporter, the manager, Mr. T. A. Muirhead, in answer to questions pertaining to the growth of the business, said:

"Well, you know we did not get going until about the 18th of last December, and you no doubt remember that we had only enough goods to fill one-half of the house then. Just look at us now. House full from front to back and more on the way. Since opening, we have added many lines not in our opening stock and they are all moving. We have already bought three spring stocks and if business keeps up like it has been will have to buy three more.

T. A. Muirhead & Co.—Dry Goods, etc.

"We are more than pleased with what we have accomplished in the short time we have been in business and appreciate the patronage accorded us. We are aware of the fact that our prices and the grade of merchandise carried have had much to do with our success, but in addition to this it has been our aim to please. Our policy is to give the 'lookers' the same courteous treatment that we do buyers; and if anything purchased of us does not prove satisfactory we refund the money and look pleasant about it. We want the people to feel at perfect liberty to come in and look around any time they feel like it without feeling that they will be expected or asked to buy."

Mr. Muirhead has spent about twelve years of his life behind the counter and has made a study of the cash business from the ground up. The last two years previous to engaging in business for himself he was in the employ of the El Paso & Southwestern Railroad Company at Alamogordo and El Paso. Previous to that time he was with one of the most progressive dry goods houses in Central Texas, where he worked himself up from cash boy to assistant buyer and head of the dry goods and furnishing departments. He is well acquainted in the eastern markets and keeps posted on all matters pertaining to the business.
